THE NEW PROFIT POWERHOUSE FROM TAI: OLI BOO CHU

Power your way to greater profit with TAI's exciting new video game OLI BOO CHU. Colorful characters and challenging maze design make OLI BOO CHU a guaranteed winner with all ages Durable, rugged manufacturing means the unit is in service game after game, to keep players playing and profits pouring In OLI BOO CHU is available in cocktail, countertop and upright models, and it's easy to play and fun too.

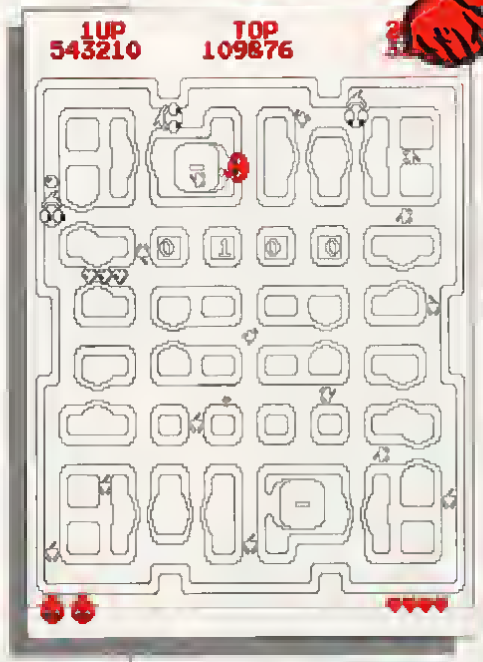
How to Play

- Work the 4-way lever to control "OLI."
- The "OLIs" allotted to the player are visible in the lower left corner.
- Use "OLI" to chase the "CHUs" (small rats) in the maze. When you capture all the "CHUs," you may advance to the next round.
- "OLI" must avoid being captured by sneaky "BOOs" (large lizards), who come inside and attack "OLI."
- Watch out for "Crazy CHU" (yellow), who can bite "OLI" terribly from behind.
- Game ends when "OLIs" allotted to player are caught by BOOs.

Earn **Bonus Points** by catching a CHU in the RACE TRAP. When he is caught he runs around and around in circles. Each time he runs in a circle, the player scores **Bonus Points**.
Win Special Points for picking up MYSTERY DROPS (yellow), left behind by BOOs. But watch out for CHUs! If they get to the drops first, they'll eat them up.

Hints on Winning

- Watch out for the BOOs' eyes! The BOOs keep looking for OLI as they run along the outer pathway of the maze. They move their eyes in four directions to check things out each time they come to a corner. If one sees OLI, he'll chase him.



- Watch out for Crazy CHU! If Crazy CHU attacks OLI in the back, OLI is temporarily paralyzed and the player loses control over him momentarily.
